Dear Dr. Dague,

As you know, the 7th Seeing at the Nanoscale International Conference, hosted by Veeco and California NanoSystems Institute (CNSI), will be held on July 29-July 31 in Santa Barbara, California, USA.

Following the recommendation of the Scientific Committee and on behalf of the conference Organizing Committee, I am pleased to inform you that your abstract "**Nanotechnologies for living cells exploration**" was selected for an **oral presentation for Session I, on July 29, 2009**. The time slot for your oral presentation is 20 minutes in total, including time for questions.

The conference also offers a tutorial on Tuesday, July 28<sup>th</sup>, with hands on training for a limited number of registrants in three concurrent tracks: 1. Material Characterization with HarmoniX; 2. BioScope Catalyst: Functional Integration of AFM and Optical Microscopy; 3. Nanoscale Electrical Measurements using AFM-based Techniques. You are encouraged to register for the tutorial.

In addition, there is a tour of CNSI - one of the largest nanotechnology centers on Friday afternoon, July 31<sup>st</sup>. Please email [nanoconference@veeco.com](mailto:nanoconference@veeco.com) if you would like to participate in the tour.

**To assure publication of your abstract in the abstract book, please [register](#) for the conference before June 15, 2009.**

We look forward to seeing you in Santa Barbara!

If you have any questions please email [nanoconference@veeco.com](mailto:nanoconference@veeco.com) or call Ceci Stenger at 805-967-1400 ext. 2312.

Sincerely yours,

The Organization Committee:

Mowafak Al-Jassim, Daniel Muller, Sergei Sheiko, Olav Solgaard, Chanmin Su,  
Mark VanLandingham
